D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care. The City has a history of working relationships with lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups. These organizations and programs primarily promote and assist in the development of strategies, which serve to primarily assist very low and low-income households. They work in partnership with the City in its efforts to eliminate substandard housing, to build affordable housing, to provide technical services, and to relocate displaced families. Local organizations providing support to the City in implementing its housing programs include the Palm Beach Housing Authority, the West Palm Beach Housing Authority, the Urban League of Palm Beach County, Neighborhood Renaissance, Habitat for Humanity, other non-profit agencies, local realtors, contractors, and local lending institutions.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Through a posting on the City's website and the local newspaper, the public is notified that it can review and make comments on the Local Housing Assistance Plan. If comments are received, staff will address such comments. Further, at the City Commission meeting that the LHAP is being reviewed by the Commission, the public is provided with an additional opportunity to make comments.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

- I. Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status by mail or e-mail. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

1. Very Low, Special Needs Households
2. Very Low
3. Low, Special Needs Households
4. Low
5. After Special Needs Set-asides, very low, and low-income goals are met
a) Very Low
b) Low
c) Moderate
<i>Based on the definitions at 420.0004 Florida Statutes</i>

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing. The City of West Palm Beach Equal Opportunity City Code, Chapter 42, as amended, prohibits discrimination on the basis of race, color, national origin, religion, sex, gender identity or expression, sexual orientation, disability, marital status, familial status, age, or genetic information.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Heirs' Property Legal Services, Estate Planning, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed

30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	All duties related to the implementation and administration of the program	10%
Third Party Entity/Sub-recipient	N/A	N/A

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes, and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*
- S. Project Delivery Costs:** N/A
- T. Essential Service Personnel Definition (ESP):** ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, city employees, and skilled building trades personnel.
- U. Describe efforts to incorporate Green Building and Energy Saving products and processes:** The City of West Palm Beach will employ several strategies to ensure SHIP funds are utilized and leveraged in a way that supports sustainability. These strategies include but are not limited to requiring Energy Star compliant appliances and cooling systems in all new and rehabilitated housing projects, leveraging weatherization funds to upgrade systems in houses receiving rehabilitation assistance, partnering with the Palm Beach County Solid Waste Authority's recycled paint program and requiring housing counseling that includes energy saving tips in the curriculum for all SHIP program recipients. In addition, the City's Office of Sustainability supplies energy kits to all households who receive purchase assistance and residential rehabilitation assistance.
- V. Describe efforts to meet the 20% Special Needs set-aside:** The 20% Special Needs set-aside will be met by giving priority in all strategies. The City will consult and collaborate with social service agencies through meetings, outreach and referrals from organizations serving the designated special needs populations to achieve the goal of the special needs set-aside. The City may also solicit proposals for rental development projects that will include the set aside criteria as a provision for the award.
- W. Describe efforts to reduce homelessness:** The City of West Palm Beach through its Department of Housing and Community Development funds and operates a Community Services Division, which includes one neighborhood outreach center known as the Eva W. Mack Community Hub. The Eva W. Mack Community Hub provides outreach, assessment, and services to individuals and families who are homeless or at risk of becoming homeless. One of the programs is the SHIP funded Housing Stabilization Program, through the Rapid Rehousing Strategy, which provides temporary rental and security and utility deposit assistance for those who are homeless or at risk of becoming homeless. The City also is a member of the Homeless and Housing Alliance of Palm Beach County (Continuum of Care) and works closely with the Homeless Coalition, the Lewis Center, Palm Beach County Human Services and various non-profit and faith-based organizations that provide services to the homeless. The West Palm Beach Police Department and Parks and Recreation Department also actively engage and do outreach to the homeless population, making them aware of available social services. The City works together with these agencies to provide outreach and assessment services including doing street outreach at targeted locations where the homeless tend to congregate.

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable to the City's SHIP Housing Trust Fund.

- The property must be eligible for attaining a building permit for the required repairs.

B. Demolition/Reconstruction Strategy	Code 4
--	---------------

- a. Summary: The Demolition/reconstruction Strategy is designed to assist owner-occupied residential properties. If upon inspection, or after rehabilitation work has begun on the property, it is determined by housing inspector, that the cost to repair the home exceeds 75% of existing structure's assessed value and meets the building code definition of unsafe structure, the City will allow the home to be demolished and a new home, in substantially the same manner, to be rebuilt on the existing lot. Eligible properties include stand-alone single family, condos, PUDs, townhomes, and villas, and SHIP eligible manufactured homes located within the City of West Palm Beach.

The value of the current home will be a credit towards the purchase of the new home. The value of the existing home cannot exceed the value of the home to be purchased under the program.

Deviations from the original design are allowed for reasons of safety or code compliance, as determined by City staff or contractor. The number of dwelling units on the site may not be increased; but the number of rooms per unit may be increased or decreased.

The City may provide temporary relocation from its inventory of existing housing, at no cost to the applicant, if available, while the home is being built. The owner who is moved to an existing housing unit will not be eligible for any additional relocation benefits and will be required to pay all utilities and moving expenses associated with the temporary relocation.

If deemed that temporary relocation is necessary, while the home is being repaired or rebuilt; the City will pay for relocation costs in accordance with the City's Relocation Policy. III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

Under the current process, all building permit applications for affordable housing/ workforce housing projects are processed under the "Expedited Plan Review". The expedited permitting fees are waived for affordable housing projects.

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The City's Agenda Cover Memorandum (ACM) process includes a check box to identify when a specific agenda item is related to housing. Once an agenda item is identified by checking the housing related box, it is automatically routed to the HCD Director for review. The staff person then provides insight and recommendation to the City Commission when a proposed ACM could impact the cost of affordable/workforce housing cost. The Department of Housing and Community Development is also in attendance at the Planning Plats Review Committee meeting and the Downtown Action Committee meeting for HCD housing projects.

C. Name of the Strategy: Modification of Impact Fees/Impact Fee Waiver

The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

Provide a description of the procedures used to implement this strategy:

Impact fees associated with development are charged by the County. Engineering construction administration fee is reduced by 25% from 2.5% of site costs to 1.875% of site costs.

Engineering Services "Site Development Improvement Review" fee by is reduced by 25% from 3% of site costs or \$1,000 minimum to 2.25% or \$750 minimum.

This incentive is eligible for affordable and/or workforce housing projects city-wide. The City will set aside funds from its Housing Trust Fund to subsidize the County's impact fees for affordable/housing development project(s). Each development project would have a maximum limit of impact fee waivers available, at which it would depend on the percentage of affordable or workforce housing being provided in the project. The City also plans to encourage developers to seek funding from the county's impact fee subsidy program, prior to applying with the City.

D. Name of the Strategy: Flexibility in Densities /Density for Affordable Housing

The allowance of flexibility in densities for affordable housing.

Provide a description of the procedures used to implement this strategy:

The City has developed programs that provide Flexible development regulations including density bonuses and has updated land development policies reduce regulatory challenges:

- Resolution 306-22
 - Provided double density bonus (max of 64 units per acre) in multifamily districts.
 - Allowed residential in commercial and industrial districts
 - 50% of the bonus density must be set aside for workforce housing at 100% AMI or below.
 - Affordability Period – 20 Years
- Downtown Housing Incentives Program
 - Only applicable in certain sites in the Downtown Master Plan
 - Provided increase in height and allowable floor area ratio (FAR) if project contained a workforce housing component.
 - 20% of the increased square footage must be set aside for workforce housing at 60 % AMI, 80% AMI, 100% AMI
 - Affordability Period – 20 Years
 - May receive TIF from CRA
- Workforce Housing Overlay
 - Expected to be adopted in Summer of 2024
 - Adopt similar principles as Resolution 306-22
 - Increases in Density and Intensity without a land use amendment or rezoning; allows doubling of density under certain zoning districts.
 - Allow residential use in non-residential areas without a land use amendment or rezoning.
 - Would permit residential Commercial, Community Service and some Industrial categories.
 - Provides an expedited review process including administrative review.
 - 50% of the additional density must be set aside for workforce housing at 80% AMI, 100% AMI and 120% AMI
 - Affordability Period: 30 years

E. Name of the Strategy: Reservation of Infrastructure Capacity

The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons.

Provide a description of the procedures used to implement this strategy:

The City currently waives capacity charges for water and wastewater for affordable and/or workforce housing projects in accordance with resolution 83-16.

This incentive is eligible for affordable and/or workforce housing projects city-wide. By creating a methodology that would provide a sliding scale in calculating waivers for capacity charges. Each individual development project would have a maximum limit of capacity charges waivers available. The dollar amount of waivers received would depend on the percentage of affordable or workforce housing in the development project. By allocating a set amount of funds in the City's annual budget to help offset capacity charges.

F. Name of the Strategy: Allowance of Affordable Accessory Residential Units

The allowance of affordable accessory residential units in residential zoning districts.

Provide a description of the procedures used to implement this strategy:

The City currently allows for accessory residential units in SF-14 Districts and Live/ Work segments of Mixed Use Categories. The City will also explore the opportunity and availability of Accessory Dwelling units (ADU) for affordable housing city-wide where it is allowed per zoning guidelines, while also looking at opportunities to provide low interest construction loans for ADUs.

G. Name of the Strategy: Reduction of Parking and Setback Requirements

The reduction of parking and setback requirements for affordable housing.

Provide a description of the procedures used to implement this strategy:

1. The City currently has a reduction of 10% on required parking area for affordable and/or workforce housing city-wide as per Ordinance 4716-17.
2. The City has a 50% reduction for elderly/ disabled projects housing projects.
3. The City encourages developers to utilize shared parking as per Sec. 94-484.

H. Name of the Strategy: Allowance of Flexible Lot Configurations

The allowance of flexible lot configurations, including zero-lot-line configurations for both affordable and workforce housing.

Provide a description of the procedures used to implement this strategy:

1. The Downtown Master Plan allows for flexibility with design with regard to affordable housing by providing additional development capacity for projects which include affordable/ workforce housing units city-wide.
2. The City has also begun permitting the development of micro-units – a small residential unit with a total square footage between 300 and 549 square feet, with a fully functioning kitchen and bathroom.

I. Name of the Strategy: Modification of Street Requirements

The modification of street requirements for affordable housing.

Provide a description of the procedures used to implement this strategy:

The City currently reduces engineering fees associated with roadway closure/obstruction, sidewalk closure/obstruction and roadway sidewalk closure or delay by 25% for affordable, attainable, or workforce housing projects City-wide.

J. Name of the Strategy: Public Land for Affordable Housing

The preparation of a printed or electronic inventory of locally owned public lands suitable for affordable housing

Provide a description of the procedures used to implement this strategy:

The City currently complies with the requirements of Florida Statute 166.0451 which requires that every three years a municipality must prepare an electronic inventory list of all real property owned and designated as “appropriate for use as affordable housing.” The Department of Housing and Community

Development maintains an affordable housing inventory list that is presented for approval by City Commission every three years.

In the past few years, on multiple occasions, the City has provided an Affordable Housing inventory list for approval by the City Commission for sale and/or donation. The City is also developing written policies and procedures for how it would determine if publicly owned land is deemed or considered "suitable for affordable housing".

K. Name of the Strategy: Development near Transportation Hubs

The support of development near transportation hubs and major employment centers and mixed-use developments.

Provide a description of the procedures used to implement this strategy:

The City's Comprehensive Plan Land Use Element encourages affordable housing near transit hubs/stations. While also exploring alternative types of transportation hubs for development purposes i.e.: walking trails Uber/Lyft stops, bike and scooter share stations, and car sharing (*zip car* & *flex car*), carpooling programs.

L. Name of the Strategy: Land Banks, Land Trusts and Other

The creation of a land bank for the community to acquire land and maintain ownership permanently. The creation of a rental and rehabilitation subsidy program.

Provide a description of the procedures used to implement this strategy:
