C. **Fiscal years covered by the Plan: 2025-2026, 2026-2027, 2027-2028**

D. **Governance:** The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. **Local Housing Partnership:** The SHIP Program encourages building active partnerships between government, lenders, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. **Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. **Public Input:** Public input was solicited through face-to-face meetings with housing providers, social service providers, local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. **Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. **Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, special needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Veterans (i.e active, non-active or surviving spouses of military personnel), Special Needs as defined in 420.0004 (13) and elderly (age 62+). These applicants will further be ranked with priority given to very-low, then low, then moderate income groups.

- J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling and Foreclosure Counseling and Transportation.
- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. U.S. Treasury Department	X
Local HFA Numbers	

- M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. **Monitoring and First Right of Refusal:** In the case of rental housing, the staff or entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining

mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. **Administrative Budget:** A line-item budget is attached as Exhibit A. Palm Beach County finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. **Program Administration:** Administration of the local housing assistance plan will be performed by:

- Developers will be required to meet the SHIP program compliance reporting requirements.

III. **LHAP Incentive Strategies**

A. **Name of the Incentive Strategy: PROCESSING OF APPROVALS OF DEVELOPMENT ORDERS OR PERMITS FOR AFFORDABLE HOUSING IS EXPEDITED TO A GREATER DEGREE THAN OTHER PROJECTS**

To ensure the review of affordable housing projects is expedited to a greater degree than other projects, Palm Beach County has instituted a "Pre-Application Review Process", in which Workforce and Affordable Housing Developers are encouraged to participate. The pre-application review process will occur prior to the submittal of a Zoning or Building permit application, for purposes of establishing a density bonus determination. The pre-application shall be established by the Planning Director, and made available to the public and be subject to Sufficiency Review. The Planning Director shall provide a written density determination letter within ten days of determining the pre-application is sufficient. The determination shall be based on the sector analysis, size, location and development characteristics of the project with consideration given towards affordability, accessibility, proximity to mass transit or employment centers, compatibility, quality of design, pedestrian and vehicular circulation, open

space, and resource protection. The Planning Director shall prepare a report for the applicant, Development Review Officer (DRO) Committee, Zoning Commission (ZC), or Board of County Commissioners (BCC), whichever is appropriate, making a determination of compliance with this chapter, consistent with the Plan and recommend approval, approval with conditions, or denial of the request. Also, Palm Beach County updated its Unified Land Development Code (ULDC) (*located in Article 5, CHAPTER G, Section 1*) ordinance (#2006-055) in 2006. The ULDC allows for the following processes with regards to expedited review for a proposed Affordable Housing Development:

a. Design Review

Review of multifamily or townhouse structures by the Building Division and Fire Rescue shall be allowed concurrent with final DRO review, prior to permit application.

b. Platting

- 1) If only a boundary plat is required for an existing single lot, building permits may be issued after submittal of the final plat for recordation.
- 2) If a subdivision plat is required, permits will be concurrently reviewed, but only issued at recording of the plat.
- 3) Pursuant to Article 3.E.1.G.1.a, Permits, Building permits may be issued for sales offices, sales models, gatehouses, entry features, and utilities may be issued prior to the recording of a final plat.

The County currently expedites building permit review for all residential permit applications that are at least 65% of the total number of housing units are affordable. The Building Division online permit application has been modified to flag these applications and promote them in order or review priority. The County also allows for private review of building permit applications in accordance with F.S. 553.791. Additionally, pre-application meetings are being offered to all developers and the procedures for such will be codified in a Policy and Procedures Memorandum (PPM). The County is currently considering appointing a “shepherd” position to assist applicants move through the approval process.

B. Name of the Incentive Strategy: PROCESS BY WHICH LOCAL GOVERNMENT CONSIDERS, BEFORE ADOPTION, POLICIES, PROCEDURES, ORDINANCES, REGULATIONS, OR PLAN PROVISIONS THAT INCREASE THE COST OF HOUSING

Comprehensive Plan Housing Element Policy 1.1-h calls for the County to review and streamline existing ordinances, codes, and regulations related to the permitting process in order to reduce excessive requirements that increase the cost of housing, and to add other provisions that increase private sector production of affordable housing. The Planning, Zoning, and Building Department (PZB) is designated to lead these efforts, with assistance from the Department of Housing and Economic Development (DHED) and other departments. When considering changes to the Comprehensive Plan or Unified Land Development Code (ULDC) that might increase the cost of housing, PZB regularly solicits review and comment from the DHED. Further, Countywide PPM CW-O-057 requires that an economic impact analysis be prepared for proposed County ordinances that may have an economic impact on commerce, employment, or incomes. Furthermore, the State requires that all proposed changes to the Unified Land Development Code, Comprehensive Plan, Zoning Code, and Zoning Map are reviewed and approved through a public hearing process. In Palm Beach County, the bodies that perform the review and approval functions are the Zoning Commission and the Board of County Commissioners (BCC).

The County continues to assess opportunities offered by the Live Local Act. The Housing Leadership Council's *Housing For All* Countywide Housing Plan was endorsed and supported by the Board of County Commissioners in January 2024, and the County is currently working to implement various applicable strategies set forth in the Plan.

C. **Name of the Incentive Strategy: THE PREPARATION OF A PRINTED INVENTORY OF LOCALLY OWNED PUBLIC LANDS SUITABLE FOR AFFORDABLE HOUSING**

The Palm Beach County Comprehensive Plan Housing Element, Policy 1.1-i, requires an inventory of all surplus County owned land and foreclosed properties that may be suitable for affordable housing. Surplus properties are those which are vacant but are not (i) currently utilized or (ii) held for some future use. The County's Property and Real Estate Management Division (PREM) is responsible for identification of such properties. DHED is responsible for review of the inventory in order to advise on suitability of properties for affordable housing purposes. PREM has made available through its website a list of surplus properties which is periodically updated.

The Live Local Act requires the County to publish a list of surplus properties every three years and requires the municipalities to publish their own list. PREM reviewed all County-owned properties (approximately 2,600 parcels) for the purposes of complying with the Live Local Act requirement. Of those parcels, the vast majority (71%) cannot be developed as they are under the control of the County's Environmental Resources Management, Parks and Recreation, and Airports departments. Of the 179 vacant parcels identified, all but one have assigned future uses or carry constraints that make development potential questionable. PREM intends to issue a Request for Proposals for the one 6-acre parcel identified as suitable for affordable/workforce housing sometime in the first quarter of 2025.

The County makes no determination or recommendation as to developability or availability of any property, and the County reserves the right to revise the list at its discretion. Countywide Policy and Procedure Memorandum CW-L-023 *Requirements for the Acquisition, Disposition, Lease, and Exchange of Real Property* establishes procedural requirements for disposition of County-owned real estate, including donation to not-for-profit entities. Recipients for disposition of County owned property must be selected through a competitive process, except for not-for-profit recipients whom may be selected on a non-competitive basis, however, all dispositions must be approved by the Board of County Commissioners. PREM has posted on its website information on the process for disposition of surplus properties.

D. **Name of the Incentive Strategy: ALL ALLOWABLE FEE WAIVERS PROVIDED FOR THE DEVELOPMENT OF CONSTRUCTION OF AFFORDABLE HOUSING**

The County waives the customary fee for letters of determination addressing workforce or affordable housing potential density bonuses and program requirements. Further, the Comprehensive Plan Policy 1.5-f describes the elimination of processing fees for residential zoning petitions providing affordable housing units in areas of very low, and low income households.

The County operates an Impact Fee Affordable Housing Assistance Program (IFAHAP) that is funded up to \$3M annually in interest earnings from Roads, Parks, and Public Building impact fee collections. The funds are offered to developers and owner-builders to pay impact fees due on new residential construction serving households up to 140% of Area Median Income. Additionally, the County does not charge any impact fees on residential development in the

western Glades Region of the county. The County also allows for the payment of impact fees with development financing provided through the SHIP, HOME, and other programs.

The County currently offers on the Zoning/Planning and Building Division website a free and publicly accessible tool for the comprehensive estimation of fees associated with a development application through the ePZB system. This is a transparent development fee structure with clear directions for determining fees, including utilities fees. Existing fee schedules are listed and made public.

E. Name of the Incentive Strategy: ALLOWANCE OF FLEXIBILITY IN DENSITIES FOR AFFORDABLE HOUSING

The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide similar opportunities to developers to increase density from 30 up to 100 percent in accordance with the ULDC Article 5.G.1.H.1. (WHP, adopted 2006) and Article 5.G.2.E.1. (AHP, adopted 2010). The County's Transfer of Development Rights Program (TDR) allows a property owner to achieve a density bonus by purchasing the increase in density in new residential developments within the Urban/Suburban Tier in unincorporated Palm Beach County.

Projects requesting a density bonus greater than 30 percent are required to conduct a sector analysis as described in Article 5.G.1.H of the ULDC. [Ord. 2006-055]

- WHP projects, including relocated WHP units, shall be equitably distributed so that there is no undue concentration of very low and low-income households.
- Table 5.G.1.H, WHP Density Bonus Guide indicates the maximum density bonus permitted and the concentration of very low and low-income housing within a sector will be one factor taken into consideration when determining the maximum density bonus permitted.

Table 5.G.1.H - WHP Density Bonus Guide

% of Very Low & Low Income Households in Sector	> 50%	40-50%	20-40%	0-20%
Maximum Density Bonus (1)	up to 40%	up to 60%	up to 80%	up to 100%
[Ord. 2009-01] [Ord. 2010-005]				
Notes:				
1. The Planning Director may recommend a density bonus in excess of the Maximum Density Bonus where the project serves to mitigate existing very low and low-income concentrations by including a mix of higher income market rate units or Medium 1, Medium 2 and Middle Income WHP units. [Ord. 2006-055]				

- Other factors to be considered include:
 - the location of the proposed development and its relationship to the study area;
 - the housing type(s) proposed;
 - if the development site is located within:
 - 1/4 radius of a public park (neighborhood or regional park, not a golf course); civic uses (schools/libraries); a mass transit facility/route; child care facilities; medical facilities; a super market; a community commercial facility; employment opportunities; and
 - 1/2 mile radius of social services; a regional commercial facility; an industrial facility; additional civic uses and employment opportunities.

- Prior to submittal of a WHP pre-application, the applicant shall meet with the Planning Director or designee to establish the sector within which the distribution analysis shall be conducted.
- The boundaries of the sector shall be approved by the Planning Director or designee.
- The maximum density bonus permitted or a bonus in excess of the maximum shall be recommended by the Planning Director or designee. [Ord. 2010-005]

See Incentive L "Flexible Zoning" for additional.

F. Name of the Incentive Strategy: RESERVATION OF INFRASTRUCTURE CAPACITY FOR AFFORDABLE AND WORKFORCE HOUSING

The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide identical "traffic performance standards mitigation" opportunities to developers in accordance with the Unified Land Development Code (ULDC) Article 5.G.1. B.2.f.1. (WHP) and Article 5.G.2.D.2. (AHP). This allows developments with WHP/AHP units to exceed Level of Service D by 30%, increasing the available concurrency for traffic and reserving that traffic for those WHP/AHP developments that need it. PZB supports incentives for affordable/workforce housing. Level of Service (LOS) is a measure of the operation of a roadway based upon traffic volumes in relation to road capacity. LOS is represented by the letters A through F with A representing the condition with the least driver delay and F representing conditions with the most driver delay. In general, LOS D describes high-density areas where speed and freedom to maneuver in the roadway is stable but severely restricted.

Traffic Performance Standards (TPS) mitigation for WHP provides for the following:

- WHP Special Methodologies
 - TPS mitigation shall be permitted for WHP projects in accordance with County Comprehensive Plan Transportation Element Policy 1.2-d (4). [Ord. 2006-055] [Ord. 2011-016]
- WHP Traffic Concurrency Hall Pass
 - TPS mitigation shall also include the option of applying for a WHP Traffic Concurrency Hall Pass separate from a development order application. The WHP Traffic Concurrency Hall Pass serves as a provisional traffic concurrency approval for a period of not more than 90 days, during which it must be merged into an application submitted for a Concurrency Reservation approval. The WHP Traffic Concurrency Hall Pass is described further in Art. 2.F. [Ord. 2006-055]

The County's Comprehensive Plan Transportation Element Policy 1.2-d acknowledges that under certain limited circumstances dealing with transportation facilities, countervailing planning and public policy goals may come into conflict with the requirement that adequate public facilities be available concurrent with the impacts of such development. The policy further acknowledges that under certain circumstances, lower level of service standards for specific roadway segments and intersections are appropriate. As a result, the Comprehensive Plan Transportation Element Policy provides for lower transportation facilities level of service standard for certain purposes on roadway segments and intersections as described in Policy 1.2-d.4:

- For the public purpose of allowing developments that include Workforce and Affordable Housing units (as defined in Housing Element Policies 1.5-g and 1.5-i) to be constructed, the level of service standard permitted for all housing units beyond the standard density (as defined in Future Land Use Element Table III.C.1) on affected segments and

intersections shall be up to 30% above the LOS D volume on those segments and intersections.

G. Name of the Incentive Strategy: AFFORDABLE ACCESSORY RESIDENTIAL UNITS

Definitions and supplementary standards for specific uses, such as Accessory Dwellings, are included in the County's Unified Land Development Code (ULDC). According to Article 4.B.1.A.1. (adopted 2005) of the ULDC:

- An accessory dwelling unit is located on the same lot as a principal single-family dwelling. An accessory dwelling is a complete, independent living facility equipped with a kitchen and provisions for sanitation and sleeping.
 - Number of Units
 - A maximum of one accessory dwelling may be permitted as an accessory use to a principal single-family dwelling unit which is owner occupied. The accessory dwelling may be attached to the principal dwelling or freestanding.
 - Maximum Floor Area
 - On less than one acre: 800 square feet.
 - On one acre or more: 1000 square feet.
 - The floor area calculation shall include only the living area of the accessory dwelling under a solid roof. [Ord. 2005-041]
 - Additional Floor Area
 - Floor area under a solid roof that is utilized as a porch, patio, porte cohere, carport, or garage shall not exceed 500 square feet.
 - Maximum Number of Bedrooms/Baths
 - One bedroom and one bathroom.
 - Compatibility
 - The accessory dwelling shall be architecturally compatible in character and materials with the principal dwelling.
 - Property Development Regulations (PDRs)
 - The accessory dwelling shall comply with the PDRs applicable to the principal dwelling.
 - No Separate Ownership
 - The accessory dwelling shall remain accessory to and under the same ownership as the principal dwelling and shall not be subdivided or sold as a condominium.
 - No Separate Electrical Service
 - Both the principal single-family dwelling and the accessory dwelling shall be connected to the same meter. Separate electric service shall be prohibited. [Ord. 2005-041]

The Planning, Zoning, and Building Department previously amended code to eliminate a requirement that an ADU kitchen be removed when the owner vacates the primary housing unit. In consideration of the AHAC's 2024 recommendations, in February 2025 the Board of County Commissioners directed staff to revise the ULDC to eliminate the prohibition on separate electrical service for ADUs. It is anticipated that the process of ULDC revision will begin during 2025. Further, the directed organization of a Board workshop to discuss ADUs in-depth and additional changes to the ULDC to facilitate their development.

H. Name of the Incentive Strategy: REDUCTION OF PARKING AND SETBACK REQUIREMENTS FOR AFFORDABLE HOUSING

ULDC Article 6, Table 6.B.1.B, requires 1.75 parking spaces per unit and 1 guest space per every 4 units. The County currently offers a 15% reduction through an administrative Type 1 Waiver, and the Westgate CRA currently has reduced parking requirements. The Zoning Division is currently working to establish a Type 2 Waiver (requires Zoning Commission approval) for projects utilizing the County's Affordable Housing Density Bonus Program that will allow for 1 space per 1 bedroom unit, 1.5 spaces per 2 bedroom unit, and 1.75 spaces per 3 bedroom unit, and 1 guest space per every 5 units.

The County's Workforce Housing Program (WHP) and Affordable Housing Program (AHP) provide identical "setback reduction" opportunities to developers in accordance with the Unified Land Development Code (ULDC) Article 5.G.1.B.2.f.3.h. (WHP) and Article 5.G.2.D.4.h. (AHP).

Flexible regulations are described in Article 5.G.2.D.4 of the ULDC and are applicable to:

- Projects with Future Land Use (FLU) designations of:
 - Medium Residential, 5 units per acre (MR-5)
 - High Residential, 8 units per acre (HR-8)
 - High Residential, 12 units per acre (HR-12)
 - High Residential, 18 units per acre (HR-18)
- Projects approved as a Planned Development District (PDD)
- Projects approved as a Traditional Development District (TDD)

Projects with these designations may deviate from the residential requirements of Table 3.D.1.A, Property Development Regulations, or Table 3.D.2.B, Zero Lot Line Property Development Regulations, as follows:

- Single Family Dwelling units may be permitted up to a maximum ten percent deviation for the following Property Development Regulations:
 - lot size;
 - width and frontage;
 - building coverage; and
 - side and rear setbacks.
- Single Family Dwelling units limited to one floor with no loft or other similar feature, may be permitted up to a maximum 20 percent deviation for the following Property Development Regulations:
 - building coverage; and
 - front and side street setbacks.
 - Zero Lot Line lots may be permitted up to a maximum lot width reduction of five feet, and ten percent deviation from the minimum lot size, building coverage, and front setback for units with front loading garages.

I. Name of the Incentive Strategy: ALLOWANCE OF FLEXIBLE LOT CONFIGURATIONS, INCLUDING ZERO-LOT-LINE CONFIGURATIONS FOR AFFORDABLE HOUSING

The County's Comprehensive Plan Concentrations of Affordable Housing Policy 1.5 enables the public, private, and not-for-profit sectors to:

- provide affordable housing
- support the distribution of housing for very low, low, moderate and middle income households

- use the Workforce Housing Program (WHP) and the Affordable Housing Program (AHP) to avoid undue concentrations of very low and low income housing through the County

The Unified Land Development Code (ULDC) allows for “Density Bonus Development Options” for both WHP and AHP developments. The ULDC Article 5.G.1.B.2.f.3.h. (WHP) and Article 5.G.2.D.4.h. (AHP) provide for flexible lot configurations, including zero-lot-line configurations.

See Incentive L “Flexible Zoning” for additional.

J. Name of the Incentive Strategy: SUPPORT OF DEVELOPMENT NEAR TRANSPORTATION HUBS AND MAJOR EMPLOYMENT CENTERS AND MIXED-USE DEVELOPMENTS

When determining the WHP/AHP density bonus, proximity of the site to mass transit and employment opportunities are considered, thereby providing an incentive for affordable development in closer proximity to the same. Most transit services suitable for TODs and related development opportunities are located in municipal areas, and are not subject to County property development regulations. However, for the unincorporated County, Comprehensive Plan Policy 4.4.9-a requires that not less than 20% of the total residential units of a TOD shall be designated for workforce housing or affordable housing through the associated programs.

The County has identified priority redevelopment areas along segments of Military Trail and Congress Avenue within the Urban Redevelopment Area. Within these areas, the County has designated transect-based land use designations and zoning districts, which place an emphasis on regulating building form and placement in relation to the public realm. These forms support redevelopment that can capitalize on existing bus service on these corridors and provide for development at higher densities than traditional future land use and zoning designation. Additionally, County staff is involved with ongoing transit studies, along with municipal representatives and partner agencies. During January 2021, the County hosted a Mobility Planning Summit that addressed various issues around transportation and land development. The Summit spurred plans for a forthcoming Board of County Commissioners mobility workshop that will provide a venue for a discussion to include residential development at transportation hubs.

The County will continue to work with other local government jurisdictions and transportation providers to develop a comprehensive solution to providing affordable housing near transportation hubs, possibly through a consultant or through the League of Cities or Regional Planning Council.

K. Name of the Incentive Strategy: MODIFICATION OF STREET REQUIREMENTS FOR AFFORDABLE HOUSING

The County’s Comprehensive Plan Transportation Element Policy 1.2-d.4 permits Workforce and Affordable Housing developments to generate vehicular traffic on streets beyond the level otherwise allowable. Opportunities for Traffic Performance Standards mitigation are codified in ULDC Article 5.G.1 B.2.f.1. (WHP) and Article 5.G.2.D.2 (AHP).

Roadway design standards are derived from Florida Department of Transportation’s Florida Greenbook. The County Engineer bases street and related requirements for affordable housing on sound engineering practices.

L. **Name of the Incentive Strategy: FLEXIBLE ZONING**

This incentive addresses various incentive areas identified in Statute, including the allowance of flexibility in densities for affordable housing, the reduction of parking and setback requirements for affordable housing, and the allowance of flexible lot configurations, including zero-lot line configurations for affordable housing.

The County will consider adoption of alternative Property Development Regulations (PDRs) community-wide, including an approval process designed to develop a flexible self-regulating development order. With this approach, each development would propose its own PDRs which would then be subject to staff review and approval by elected officials. This approach would contribute to housing affordability by allowing greater utilization of smaller sites and infill sites, as well as by offering the flexibility necessary to bring alternative housing product types to market. Further, this approach would facilitate the development approval process by avoiding the time and expense associated with obtaining the numerous variances necessary to utilize density bonuses. These alternative regulations would not be limited to only affordable/workforce development.

For the past two years, Palm Beach County PZB has been studying this concept and is working to establish a Type 2 Waiver (requires BCC approval) for flexible development regulations. Flexible zoning would offer the opportunity to address the following common challenges:

- Higher density developments (over 14 units per acre) often have difficulty accommodating required parking on the property.
- Small developments (less than 16 units) and high-density projects (over 20 units per acre) struggle to meet the onsite recreation requirements, and the existing buy-out option drives up the cost of the housing product.
- Fee simple townhomes have bigger setbacks and separation requirements than townhomes developed as multifamily condominiums for purchase.
- Requirements for an additional 1 foot of setback for every 1 foot of increase in height has a limiting effect on building heights.

WHEREAS, the State Housing Initiatives Partnership (SHIP) Act, ss. 420.907-420.9079, Florida Statutes (1992), and Rule Chapter 67-37, Florida Administrative Code, requires local governments to develop a one- to three-year Local Housing Assistance Plan outlining how funds will be used; and

WHEREAS, the SHIP Act requires local governments to establish the maximum SHIP funds allowable for each strategy; and

WHEREAS, the Department of Housing and Economic Development has prepared a three-year Local Housing Assistance Plan for submission to the Florida Housing Finance Corporation; and

WHEREAS, the Board of County Commissioners finds that it is in the best interest of the public for Palm Beach County to submit the Local Housing Assistance Plan for review and approval so as to qualify for said documentary stamp tax funds; and
